# Welcome

Welcome to the 2021 Second Virtual Conference on Teaching and Learning Accounting.

Thank you for joining us for the 14th annual Conference on Teaching and Learning Accounting. We are excited and eager to share great teaching and learning ideas. This conference will again offer you a way to share and learn new teaching and learning methods, materials, and techniques, even though we cannot meet in person this year. Over the next two days, we hope you enjoy the sessions, get new ideas and reenergize with lots of useful information as you prepare for the next academic year.

Here is a sampling of just some of the interesting sessions from this year's conference:

- How to Deliver Impactful Presentations (Session 2.02)
- Looks Matter! Creating Visually Engaging Instructional Resources (Session 2.02)
- Creating Power Accountants: A Program to Equip Students with Skills to Become Successful Professionals (Session 3.02)
- Embracing Diversity and Inclusion in the Accounting Classroom (Session 4.01)
- Grading Give You the Blues? Learn to Build Self-Grading Excel Assignments (Session 7.01)
- Algorithmic Spreadsheets for Generating and Grading Accounting Problems (Session 7.02)
- It's Time to Play Bingo! Using Gamification to Promote Student Engagement (Session 9.03)

Each session is 60 minutes in length; there will be from one to five presentations in any given session. Each 60-minute session qualifies for up to 1.2 CPE hours. There will be a 15-minute or 30-minute break between each session, allowing you time for a quick break.

Offering such an exciting program would not be possible without the efforts of so many people. We want to thank everyone who submitted proposals and are willing to share their teaching and learning innovations, the volunteers on the CTLA Steering Committee, and the AAA staff members. We appreciate all of you for helping to make CTLA a success.

Thank you for joining us. We hope the conference offers you the opportunity to reflect while learning new, interesting, and exciting teaching methods and materials. Enjoy the conference!

Sincerely,

Wendy Tietz and Jill Mitchell
