

Call for Papers

Special Issue of Journal Emerging Technologies in Accounting *Future Labs: Building the Accounting Technologies of Tomorrow Today*

The *Journal of Emerging Technologies in Accounting (JETA)* is the academic journal of the Strategic and Emerging Technologies Section of the American Accounting Association. *JETA*'s mission is to encourage, support, and disseminate the production of a stream of high-quality research focused on emerging technologies and artificial intelligence applied or applicable to a wide set of accounting related problems.

In 2019, *JETA* will publish a special issue entitled "Future Labs: Building the Accounting Technologies of Tomorrow Today." The editor of *JETA* invites submissions of original unpublished work for this special issue.

The theme of this special issue of *JETA* is encouraging rapid exploration and development of research initiatives coming out of all emerging areas of the intersection of accounting and technology. Inspired by Lockheed Martin's famous Skunk Works ([origin story](#)), we seek to encourage quick development of prototype use cases in accounting and technologies.

Areas of interest include, but are not limited to:

- Industry 4.0
- Blockchain
- Business Intelligence
- Big data and big data analytics
- IoT
- Ontologies and semantics.

Papers are limited to 4 to 5 single spaced pages of text excluding references, tables, and figures. Review will be by a panel of academics and practitioners who will provide initial feedback on the ideas, methods, practical implications and references of the papers. Comments and suggestions of the panel will be published along with the accepted papers. There will be only a limited revision process. The purpose is to get new and novel research proposals into the public sphere in a rapid manner to influence further development of emerging technologies in accounting. **Submissions are due by March 31, 2019.** Revisions will be due April 30, 2019, and final versions will be due May 31, 2019. Early submission is encouraged. Please clearly state that your submission is for consideration for publication in the Future Labs special issue and select the special issue from the drop-down menu available in the online author submission form.

Submit via the *Journal of Emerging Technologies in Accounting* submission process. For more details regarding this call and submission process please use the following link: [Future Labs Submission](#)

If you have any questions, please contact the editor of the special interest forum: Professor Rob Nehmer nehmer@oakland.edu, or the *JETA* editorial office at JETA@aaahq.org.
