

## **Call for Course Syllabi!**

The Public Interest Section is in the process of compiling a database of “public interest” oriented course syllabi. If you or a colleague teaches a course or some component of a course that is relevant to the public interest (e.g., ethics, critical accounting, corporate governance and regulation, contemporary issues in accounting), we invite you to contribute a copy of your syllabus to the project. Your help and participation is vital. We plan to upload the syllabi on the web and make them available through a link on the homepage of the Public Interest Section. Also if you have suggested articles that cover these areas we would like to invite you to share these as well. Please send your material (if possible in either PDF or Word formats) to Ann Watkins at [alwatkins@uncg.edu](mailto:alwatkins@uncg.edu). Thank you very much and we appreciate your willingness to share your knowledge with our academic community.
