Charge:

- Number 1** In coordination with the ATA Midyar Meeting Committee, plan and administer a teaching session at the 2004 ATA Midyear Meeting.
- Number 2** Plan and begin implementing an online teaching case exchange. Implementation should consider how the cases should be organized to facilitate ATA members' ease of access. Should additional assistance be required, consult with the Accreditation and Curriculum as well as the Technology and Website Committees.
- Number 3** Write a column for the Spring ATA *Newsletter* which includes citation and short summaries of articles about innovative teaching ideas.
- Number 4** Liaison with the AICPA/ATA task force that has been formed to examine the AICPA's Model Tax Curriculum. The task force is not only seeking input from the ATA on what the model curriculum should be, but also how it can be presented and hopefully implemented by members of the ATA. Beth Kern would be a good contact person to see if the committee can be of assistance.
