

New Faculty and Doctoral Research, 2006 ATA Midyear Meeting

The 18th annual American Taxation Association (ATA) Midyear Meeting will feature a session devoted exclusively to research by new faculty and doctoral students. This session provides new faculty and PhD students an excellent opportunity to gain exposure by presenting their research in a conference setting and to receive constructive feedback on their work. Selected papers will be made available in advance of the midyear meeting through the ATA web site. We invite authors to submit research papers and research-in-process papers. Research-in-process must be sufficiently developed to allow informed feedback (e.g., well developed background and theory, clearly stated hypotheses, and planned statistical analysis).

Dual submission of manuscripts to the JATA Conference and the New Faculty/Doctoral Research Session is allowed. Should a paper be accepted for both sessions, the author will be asked to choose either the JATA Conference or the New Faculty/Doctoral Research Session.

Eligibility:

In order for a paper to qualify for the New Faculty and Doctoral Student Research Session, at least one author must have started their first tenure-track faculty position during the 2002-03 academic-year or later or be a doctoral student. Doctoral students are invited to submit papers based on their dissertation or other working papers.

Papers already accepted for publication prior to the selection announcement date are ineligible; submission of papers close to publication acceptance is discouraged.

Doctoral Student Support:

The ATA will partially support doctoral students who have papers accepted for this session; the registration fee will be waived and one night's lodging at the hotel will be provided.

Deadline:

Submissions must be received by November 1, 2005. Papers selected for the New Faculty/ Doctoral Research Session will be announced by December 15, 2005.

Submission:

Questions and submissions should be made electronically to Jim Seida at jseida@nd.edu. Please include "New Faculty/Doctoral Research" in the subject line of the email. Submitted manuscripts should be either MS Word or Adobe Acrobat files attached to an email. Since a blind review process is used to evaluate manuscripts, send the title page in a separate file from the manuscript file and delete any identifying information from the manuscript file. A statement indicating the manuscript's status should accompany the submission; the statement should also note if the manuscript is being simultaneously submitted to the JATA Conference.
