

Contemporary Accounting Research Conference 2007

The Canadian Academic Accounting Association announces the

22ND CAR Conference
Montréal, Québec
November 9 – 10, 2007
(plus Doctoral Consortium on November 8th)

Toward a Better Understanding of Accounting through Multiple Research Perspectives

The CAR editorial team invites research papers in any area of accounting research, broadly defined (financial, managerial, assurance, and tax) and employing any method (analytical, archival, case, empirical, and survey). We especially welcome papers that reflect the international reach of accounting issues and challenges. We hope to have a set of accounting papers that encompass the major topic areas and methods, thus demonstrating the synergy that can be achieved by understanding what other perspectives have to offer, either methodologically or substantively.

Submissions to the conference also constitute submissions to CAR. Therefore, submissions should follow CAR's editorial guidelines. Manuscripts should be submitted electronically using CAR's online submission system at: <https://www.editorialmanager.com/car/>. In addition to submitting online, authors are required to submit the appropriate submission fee as follows: \$120 for CAAA members and CAR subscribers, and \$195 for nonmembers / nonsubscribers (dollar amounts are in Canadian funds in Canada and in US funds elsewhere). Cheques should be made payable to: The Canadian Academic Accounting Association (CAAA) and mailed to the address below. Submission fee payments are accepted also by VISA or MasterCard. To authorize a credit card payment, provide the credit card information (cardholder name, number, and expiry date) in a letter and mail it to the address below, or fax it to: +1-416-486-6158, or email it to: submissionfees@caaa.ca. Submission fees are nonrefundable.

Submissions must be received online by no later than April 22, 2007.

Papers not accepted for the conference (and submissions that come in after the deadline) will be treated the same as non-conference submissions. Papers accepted for the conference are generally published in CAR; however, the ultimate disposition of each manuscript depends on the normal review procedures employed by the journal.

Authors will be notified of the decision regarding the conference agenda by mid-August 2007 and of the outcome of the editorial process for publication in CAR in the normal course.

Submissions should be directed to:

Professor Michel Magnan, Editor
