Special Acknowledgment

We are grateful to the KPMG Foundation for their generous support for the AIS New Scholar Consortium. Without this funding, we would not be able to waive the registration fee for our AIS doctoral students. These grants allow the IS Section to continue to emphasize mentoring as an important part of our Section's mission.

Stephen G. Hasty, Jr., CPA KPMG LLP National Service Set Leader – IT Advisory Services

Mr. Hasty is the National Partner in Charge of KPMG LLP's IT Advisory Services business and serves on KPMG's Global IT Advisory Leadership Team. Mr. Hasty was one of the founding partners of KPMG's Information Risk Management (IRM) Practice serving as Southeast Area Partner in Charge from 1996 – 2001 and on the National Leadership Team. Mr. Hasty received his BA degree in Management Science from Duke University. Mr. Hasty is a graduate of Leadership Charlotte and serves on the Board of Directors of North Carolina Dance Theatre and Inroads-Charlotte.

Lizette C. Leanza, CPA KPMG LLP Campus Recruiting Manager – Advisory Services

After providing tax services for three and a half years at Andersen, Deloitte, and KPMG, Ms. Leanza transitioned into a campus recruiting role with KPMG in 2003, currently serving as Southeast Area campus recruiting manager for Advisory Services. Ms. Leanza also serves as the Area liaison for the National Tax service lines. Ms. Leanza received her undergraduate degree in Accounting from Mississippi State University and MS from University of Georgia. Ms. Leanza is also a member of the University of Georgia MIS Advisory Board and the AICPA.

Malana M. Konkle, CPA KPMG LLP National Practice Director – University Relations

After joining the firm in 1996, Ms. Konkle served five years in the Audit practice before transferring to joined University Relations. She currently serves as the National Practice Director for KPMG LLP's Advisory Services and National Tax Service Lines. In addition to the above, Ms. Konkle also serves as a national instructor for select KPMG training courses. Ms. Konkle received her undergraduate degree in Accounting from Indiana University-Bloomington. She is also a member of the AICPA.

Plenary Session Guest Speaker, Gary Previts

Gary Previts is Associate Dean and Professor of Accountancy at Case Western University where he has also served as chair of the Department and Director of the Master of Accountancy program in the Weatherhead School of Management. Gary's degrees are from John Carroll University, The Ohio State University, and University of Florida, respectively. He has a broad set of experiences including public accounting, officer in the U.S. Army, advisor to corporations and major accounting firms, and advisor to the SEC and to the GAO, where he currently is a member of an advisory council for the Comptroller General.

Gary is editor of *Research in Accounting Regulation*, and has served as editor of other refereed journals. He has published and made presentations on the subjects of CPA and Auditor Professional Duties and Responsibilities, the history of our profession, professional values, global accounting standards, and the development of accounting thought.

Gary's service record includes being the founding President of the Academy of Accounting Historians and continuing service as a Trustee. Previts has served the American Accounting Association (AAA) as Ohio region v. p., Director of Education and Executive Committee member, Chair of the National Meeting Program Committee, as well as several other committees. He is currently the AAA President-Elect. Previts has served as President of the Ohio Society of CPAs, and as a member of the Board of Directors of the AICPA, of the Board of the AICPA Foundation, and of the AICPA's Governing Council. He now serves as a member of the AICPA's Financial Literacy Commission.

Finally, Gary has received numerous recognitions, including The Academy of Accounting Historians Hourglass Literature Award; Outstanding Ohio Accounting Educator; Distinguished PhD alumnus, University of Florida; Lifetime Achievement Award for Educators, AICPA; Gold Medal for Service, Ohio Society of CPAs; and *Accounting Today*, List of 100 Most Influential Persons in Accounting several times. He and his wife Fran have four adult children and five grandchildren.

Friday Luncheon Guest Speaker, Caleb Sima

Web Application Security

Caleb Sima is the co-founder and CTO of SPI Dynamics, a Web application security company. Caleb is responsible for directing the lifecycle of the company's Web application security solutions and is the director of SPI Labs R&D team within SPI Dynamics. Caleb has been engaged in the Internet security arena since 1996, and has become widely recognized as an expert in Web security and penetration testing, as well as for identifying emerging security threats. His pioneering efforts and expertise in Web security have helped define the direction of the Web application security industry. Prior to co-founding SPI Dynamics in early 2000, Caleb worked for Internet Security Systems' elite X-Force R&D team and as a security engineer for S1 Corporation. Caleb is a frequent speaker and expert resource for the press on Internet attacks and has been featured in the Associated Press. Sima is a contributing author to various magazines and online columns and is a co-author of the book titled, *Hacking Exposed Web Applications*, 2nd Edition. Caleb is a member of ISSA and is one of the founding visionaries of the Application Vulnerability Description Language (AVDL) standard within OASIS. He is also a founding member of the Web Application Security Consortium (WASC).

Format for Paper Sessions

(all sessions are 90 minutes)

We will use the same format this year that we used the last two years. Our hope is that this format will provide authors valuable feedback to improve their research. Also, this format should encourage audience participation and discussion, which fosters a more collegial atmosphere.

Thank you — We sincerely hope you enjoy the 2007 Midyear Meeting!

* The discussant's primary role is to summarize the paper, rather than critique it. The discussant's suggestions for improving the paper would best come as part of the audience participation.
