VOLUNTEERS WANTED: TEXTBOOK TEST BANK COMMITTEE

Greetings,

As you may know, most textbook publisher's test banks and solution manuals can be purchased online or are free, which cause an unlevel playing field for students. See the recent article: "Student and professor use of publisher test banks and implications for fair play," *Journal of Accounting Education*, Vol. 42, March 2018 (<https://doi.org/10.1016/j.jaccedu.2017.12.001>).

Natalie has established a test bank committee to help solve this problem. Our committee would like to ask for the following volunteers (send responses to dcrumb1@lsu.edu):

1. Would you be willing to prepare 15 multiple choice and 15 true/false questions to appear in a test bank not accessible to students in one or more subject areas? Let me know the area(s).
2. Would you be in charge of a subject area? Which one?

The major subject areas would be:

1. Principles
2. Intermediate I
3. Intermediate II
4. Auditing
5. Tax
6. Advanced Accounting
7. Cost Accounting
8. Managerial Accounting
9. Forensic Accounting
10. Governmental
11. Computers

Please help solve this problem plaguing academia today.
