

Report of the SEAAA Ad Hoc By-laws Committee  
March 2004

This committee was charged with bringing to the membership revised by-laws in line with our current national by-laws. Primarily, the rewording consisted of replacing archaic titles with current titles (e.g. Regional Vice-President with President) and editorial adjustments.

The major changes are:

- II. 1. c), d), and e), conforms this section to our mission statement as published on the region's webpage.
- V. 3<sup>rd</sup> paragraph – designates the Coordinating Committee to act as the region's executive committee.
- VII. Nominating Committee – conforms this section to the national by-laws, and adds a provision for election of officers in the event that an annual meeting cannot be held.
- X. Conforms dates to national's current reporting schedule.

Additionally, the rewording of the document allows for more than one host institution for the annual meeting.

Respectfully submitted,

Ralph E. Welton, Jr.  
Chair
