INDEPENDENT AUDITOR'S REPORT

Executive Committee of the
American Accounting Association
Sarasota, Florida

We have audited the accompanying statements of financial position of the American Accounting Association (a not-for-profit organization) as of August 31, 2003 and 2002, and the related statements of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the American Accounting Association as of August 31, 2003 and 2002, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

AMERICAN ACCOUNTING ASSOCIATION
NOTES TO FINANCIAL STATEMENTS

NOTE A – ORGANIZATION

The American Accounting Association (the Association) was founded in 1916 as a non-profit organization. The Association seeks to promote worldwide excellence in accounting education, research and practice. The Association publishes scholarly journals and conducts meetings, consortia and conferences on a variety of pedagogical and accounting issues. The Association's members are primarily accounting faculty members at colleges and universities throughout the world. The Association also publishes newsletters and engages in other activities to support worldwide excellence in accounting education, research, and practice.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Association are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Promises to Give – Contributions are recognized when the donor makes a promise to give to the Association that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Financial Statement Presentation – The accompanying financial statements are prepared consistent with the Statement of Financial Accounting Standards No. 117 titled "Financial Statements of Not-for-Profit Organizations" issued by the Financial Accounting Standards Board. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Association and changes therein are classified and reported as follows:

Unrestricted Net Assets: Net assets that are not subject to donor-imposed or time restricted stipulations.

Temporarily Restricted Net Assets: Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Association and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

However, managed fund groups are still maintained for internal management reports.

Functional Expenses – Functional expenses are allocated based on direct and indirect expenses. Direct expenses are allocated to the Program or Supporting Service from which the expense arose. Indirect expenses are allocated by a square footage formula for those expenses identifiable to property and equipment and by a time study of days worked for all other indirect expenses.

AMERICAN ACCOUNTING ASSOCIATION
NOTES TO FINANCIAL STATEMENTS

Publications Inventory – Publications inventory is stated at the lower of cost or market. Cost is determined using the first-in, first-out (FIFO) method.

Publication Revenue – Publication revenue is recognized when the related publications (books) are sold.

Income Taxes – The Association is generally exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Association is required to pay income taxes on the excess of revenues derived from activities unrelated to the tax-exempt purpose of the organization over the related expenses. The Association had no liability for such taxes for the year ended August 31, 2003 and 2002.

NOTE C – CASH AND CASH EQUIVALENTS

The Association considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. At August 31, cash and cash equivalents consist of the following:

	<u>2003</u>	<u>2002</u>
U.S. Treasury and Government Securities	<u>\$ 1,422,173</u>	<u>1,568,823</u>
Cash and equivalents owned by the following managed fund groups:		
General Operations	\$ 144,723	401,480
Sections	1,026,213	902,463
Regions	<u>251,237</u>	<u>264,880</u>
	<u>\$ 1,422,173</u>	<u>1,568,823</u>

The Association utilizes a cash management system, which automatically transfers the excess balance above a predetermined target level into an investment fund. This fund primarily consists of securities, which are guaranteed by the full faith and credit of the U.S. Government, and repurchase agreements collateralized by U.S. Government obligations.

NOTE D – CERTIFICATES OF DEPOSIT

At August 31, 2003 and 2002, the Association held 9 certificates of deposits in approximately \$100,000 increments. These investments are held in separate banking institutions, and all have one-year maturities, respectively.
