Letter from the President

As the spring semester winds down, I want to take a few minutes to update you on ATA news. At the same time, I would like to thank the many volunteers who have generously given their time this year supporting the ATA programs and initiatives.

It has been a busy year for the ATA. The mid-year meeting held in San Diego was a terrific success. I would like to congratulate LeAnn Luna and her committee for developing a great program with over sixty-five ATA members and invited guests presenting in two full days of exciting teaching and research sessions. This year’s meeting also included a few “firsts” for the ATA. Friday morning began with a Research and Effective Learning Strategies Forum, and who can forget our talented colleagues who participated in the PechaKucha Presentations on Saturday. Expect to see these two great sessions on the program again next February in San Antonio. Finally, thank you to John Phillips and Bob Gardner for organizing the JATA and JLTR Conferences which ran concurrent to the mid year meeting.

I would like to recognize our firm sponsors; Deloitte, Ernst & Young, Grant Thornton, KPMG and PwC for their support of our mid-year meeting. We appreciate the many ways these firms support the membership of the ATA.

Immediately preceding the mid-year meeting, KPMG and the ATA welcomed thirty-eight doctoral students to the 9th Annual KPMG/ATA Doctoral Consortium. I would like to recognize Sonja Rego Olhoff and her committee for organizing this important development opportunity for our doctoral students. In addition, I would like to thank KPMG for sponsoring the event and Ernst and Young Foundation for providing travel support for students attending the consortium.

With summer just around the corner, it’s time to begin to think about the AAA Annual Meeting to be held in Anaheim, August 3 to 7. Jared Moore and his committee have developed an exciting program for us. In addition to the many AAA sponsored sessions and activities, the
ATA is organizing fourteen paper sessions covering a variety of topics including Financial Reporting of Taxes, Uncertain Tax Positions, Tax Avoidance, Tax Incentives and Investment, and State and Local Tax Research. In addition, this year marks the 100th Anniversary of the U.S. Federal Income Tax. In honor of this auspicious event, Joseph J. Thorndike, director of the Tax History Project at Tax Analysts, will serve as the speaker for the ATA luncheon on Monday, August 5.

Finally, I would also like to invite all ATA members to attend the ATA Business Meeting immediately preceding the luncheon on August 5 (10:15 – 11:45 am). This is an important meeting for the ATA where we will elect our officers and trustees for the coming academic year. In addition, select committee presentations will focus on key initiatives including proposals by the Long Range Planning, Doctoral Consortium Task Force, and Midyear Meeting Task Force, to name a few.

I wish you a productive end to your semester and a relaxing summer. Hope to see you in Anaheim in August.

Sandy Callaghan
President, ATA 2012-2013

John L. “Jack” Kramer passed away the evening of April 17 after a long illness, surrounded by his wife, UF accounting professor Sandra Kramer and family, including his four sons.

Jack joined the University of Florida as an Associate Professor in 1980, after serving on the faculty at the University of Texas – Austin from 1975 to 1979. He earned his PhD and MBA from the University of Michigan and his BBA from University of Michigan - Dearborn.

At the University of Florida, he retired as the Arthur Andersen Professor of Accounting in the Fisher School of Accounting. He served many roles at the University, including Director of the Fisher School of Accounting, Associate Dean in the Warrington College of Business Administration, and as Interim Dean of the College of Business Administration in 1989-90.

Professor Kramer’s contributions to the world of tax academia are legendary. He authored numerous research papers and textbooks, served as the Editor of The Journal of the American Taxation Association and as President of the American Taxation Association. He received the ATA Ray Sommerfeld Outstanding Tax Educator Award in 2001 for lifetime achievement, the highest honor of this organization of tax academics.

He leaves behind an important legacy and his contributions continue through the work of the many former students and colleagues he influenced. Any tax professor and any student of taxation owes a debt of gratitude to Jack Kramer. Former students, friends, and colleagues recently contributed more than $600,000 to endow the Jack Kramer Professorship at the University of Florida.

Jack was a friend and mentor to many. He brought rigor to the classroom and the tax literature and he always had time to help students and colleagues. And he had a wicked sense of humor, a top-notch bowling game, and an appreciation for fast cars. He had a critically important influence on the accounting programs at the University of Florida.
Please mark your calendars now for next year’s meeting

ATA Memorial Fund

At their February 2010 meeting, the Trustees of the ATA approved the creation of an ATA Memorial Fund for the benefit of Doctoral Education. With the recent loss of longtime members Jack Kramer, Christine Bauman and Marty Escoffier, we are reminded that the ATA created this fund to provide a vehicle for ATA members to contribute in memory of deceased ATA members and friends. Each August, the trustees allocate a portion of the fund balance to benefit doctoral student education. Possible uses include travel costs, registration fees, or consortium materials for doctoral students.

If you wish to make a contribution to the ATA Memorial Fund, please make your check payable to the American Taxation Association. On the memo line, please note “ATA Memorial Fund” and the name of the deceased member that you are honoring. Mail to ATA Treasurer, John Barrick, at the following address:

Tax Syllabus & Case Exchanges

The tax syllabus and case exchanges provide ATA members with the opportunity to share teaching materials with other ATA members. The Teaching Resources Committee is updating this part of the ATA web site and is considering adding other tax course materials (e.g., projects). We ask you to submit any syllabi, cases, and other materials from your undergraduate and graduate tax courses that you are willing to share. If you have shared some of these before, we thank you but ask that you do so again so the materials are as up-to-date as possible. Tax cases, projects, and other such materials should be submitted without any solutions so they are not available to students (adopters of them would need to contact the authors for the solutions). Please email your materials to David Hulse (dshuls00@uky.edu).
