

## Call for Papers

### Special Issue of Journal Emerging Technologies in Accounting *Continuous Auditing and Continuous Monitoring (CA/CM)*

The *Journal of Emerging Technologies in Accounting* (JETA) is the academic journal of the Strategic and Emerging Technologies Section of the American Accounting Association. In response to the challenges presented by today's new technology development and innovations, the *JETA* editorial team is excited to provide an opportunity for accounting and information systems academics to publish their work on continuous auditing and continuous monitoring. Our objective is to explore the multiple versions and approaches being used in industry as well as exploring new methodologies in these days of disruptive change.

*JETA* invites researchers to submit experiences in industry, research papers, and proposed methodologies to be published in a Special Issue on CA/CM. The special issue strongly encourages work from professionals. The proposed deadline for submissions is **April 5, 2020**. Please address questions to Prof. Jun Dai ([jundai1988@icloud.com](mailto:jundai1988@icloud.com)) of the Southwestern University of Finance and Economics or Miklos A. Vasarhelyi ([miklosv@rutgers.edu](mailto:miklosv@rutgers.edu)).

Areas of interest include, but are not limited to:

- Internal audit and CA/CM
- External audit and CA/CM
- CA/CM and accounting processes
- Usage of intelligent agents in CA/CM
- Alarm-based monitoring of business processes
- Using blockchain for CA/CM
- Corporate experiences in CA/CM
- CA/CM in government.
- Using exogenous data for CA/CM
- Behavioral effects in CA/CM
- Fraud detection using CA/CM
- Using social media for continuous monitoring
- Continuous control monitoring
- Continuous Risk Monitoring and Assessment

All research methods are welcome, including review, analytical, archival, design science, behavioral, qualitative, field and case study.
