

Workshop #11: FASB/IASB Update

Sunday, August 6, 2023, 1:00 pm-4:00 pm

Sponsors: FARS and IAS

Category: Research-Oriented Workshop

Presenters:

Christine Botosan, FASB

Zachary Gast, IASB

Long Description:

FASB/IASB Updates

Description: This session focuses on items on the boards' current agendas. The content is targeted to faculty who teach financial accounting as well as those interested in potential financial accounting research opportunities. Topics include: • Technical Agenda Overview • Overview of Recently Issued Standards • Post-Implementations Review Update • Income Tax Related Projects • Other Current IASB and FASB projects

Format/Structure:

This session will be offered in-person at the 2023 Annual Meeting. Representatives from the FASB and IASB will update workshop participants on the boards' current activities, including project updates and other key initiatives. The workshop will include opportunities for interactive dialogue between presenters and participants.

Intended Audience:

The intended audience includes all attendees at the AAA Annual Meeting, particularly those who are engaged in researching and teaching current financial accounting and reporting topics.
