

THE ACCOUNTING REVIEW OUTSTANDING REVIEWER AWARDS

The Outstanding Reviewer Award recognizes truly outstanding reviewers who provided many high quality and timely reviews to *The Accounting Review* during Mary E. Barth's term as Senior Editor from 2017 to 2020. Award recipients were selected by a committee of *TAR* Editors, Brad A. Badertscher, as chair, Jacqueline S. Hammersley, and Sonja O. Rego, with Mary Barth's oversight. The committee considered three key *TAR* reviewer performance metrics—number of completed reviews, average editor-rating of the quality of the reviews, and review timeliness—as well as nominations from editors. The recipients are a select group of individuals, who represent the top 3.4% of *TAR* reviewers.
