"Apology."

The President of the JOHN SIMMONS COMPANY, has deemed it advisable, to have each employee of the Company, fully acquainted with all the details of the Accounting methods, adopted for the management of their business.

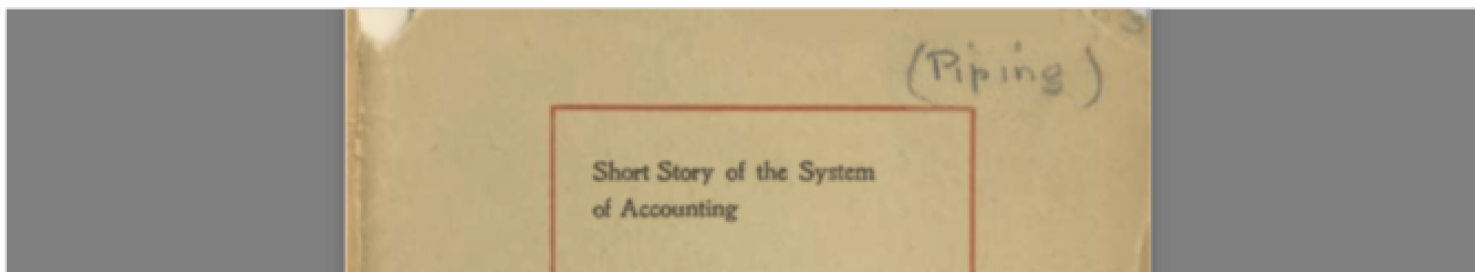

He has, accordingly, instructed the writer to give you, in as condensed form as possible, the information concerning various branches of the work, that will enable you to fully understand the "chain of events" leading to, and from you, so that each one may better appreciate the necessity of doing their part well, and thus help both himself and his neighbor to fit in the particular link of this "chain", that each one may stand for, and in that way insure the perfect, smooth working of the entire "chain".

With no desire to impose upon good nature, I have endeavored to make the matter contained in the following pages as plain, and as short as possible, and trust that it may be appreciated and of help to each employee of the JOHN SIMMONS COMPANY.

Ed. E. Gano 

Certified Public Accountant.

May 1907.

Merchandise Stocks.

To obtain merchandise for Stock, the men in charge of the Stock in the several Departments must make a Requisition (Form No. 69) in carbon duplicate, giving number of pieces, or pounds, sizes or kinds, of articles wanted, and forward same to the Purchasing Department.

STOCK REQUISITION.

Attached to Requisition (Form No. 69) is a stub, which is to be sent with the Requisition to the Purchasing Department.

The Purchasing Department will then make out an Order "T" Form (No. 15) in carbon duplicate, on the various shippers or manufacturers, and show on the same for what Department ordered.

The Purchasing Department will then note the number of their Order on Stub of the Requisition, and return the Stub to the Department making same, for their information, and file with the Requisition copy, so that the Department ordering may have full knowledge as to how to apply the goods when received.

Notice of shipment of goods so ordered is received in advance, by the shippers sending copy of Bill of Lading, which is referred on receipt to the Receiving Department.

These Bills of Lading are then given to a "Runner" or Freight Messenger, who attends to all payments for freight and charges, and instructs Truck Drivers to pick up and deliver to Store.

Stationery and Miscellaneous Supplies.

The same method is followed in obtaining Blank Books, Stationery, and miscellaneous supplies, the Requisitions being made on the Supply Department, instead of the Purchasing Department.

All other features of the work being followed the same as those outlined for Merchandise Stocks, except that the Invoices are passed to credit of Shippers, and charged to various Expense Accounts, through the "Expense Invoice Book".

Story of a Sales Order.

ORDER RECORDING.

In the distribution of the Mail, the Sales Orders are divided into three (3) classes, viz;

City, Country, and Plumbing Department.

The City Orders are sent direct to the City Order Department.

Here, each Order is given an "individuality," by being given a Blue Record Number, and opposite the corresponding number on an Order Record Sheet, is noted the name of the Customer, Number of Order, (if any) and name of Packer or Porter, to whom same has been assigned for filling.

AMERICAN ACCOUNTANTS GOLF CLUB.

The organization of an A. A. G. C. is under way. A committee has appointed itself to promote the project and to bring about a healthy interest in the ancient and royal game.

It is proposed to hold club tournaments in connection with the annual meetings of the American Association of Public Accountants.

It is further proposed to hold technical examinations (!) upon the rules and the etiquette of golf viz:- Theory of Golf; Practical Golf; Putting; and Golfing Law!

The degree of C. P. G. (Certified Proficient Golfer) will be granted to all successful candidates of good moral character (moderate profanity essential).

The rules of the Club, dues, etc., will be established at a future meeting of applicants for membership.

There will be three classes of members: Honorary, — those who hope to play golf; Fellows, — those who play golf; and Associates, — those who play at golf!

This is a "good thing". Send in your name to one of the undersigned.

Harvey Chase, 27 State St., Boston, Mass.

Franklin Allen, Silk Ex. Bldg., Broadway, N. Y.

Wednesday 13th March 1895.

A meeting of Public Accountants practicing in New York city was held at 111 Broadway in pursuance of a circular letter of which the following is a copy:—

" A Bill has been introduced in the Senate, the object of which is to have public accountants recognized and registered by the Regents of the University of the State of New York.

" As the Bill is in the interest of all practicing public accountants, it seems proper that the terms of the Bill should be in accordance with their views; for the purpose of taking action in that direction you are requested to attend

Update from Dr. Royce Kurtz on eGrove

Ongoing Digitization Projects:

- Correspondence of the AAPA (1887-1917) and the AIA (1917-1957)
 - Finished the AAPA years and now on the AIA years.
 - A little under 500 letters, with accompanying forms, reports, brochures, and other enclosures, have already been uploaded. There are around 600 more to do.
- *Tax Adviser*
 - Begun digitizing the first 17 years, 1970-1986, which are not in the major commercial *Accounting and Tax* database.
 - The articles posted in the last two months have already garnered 3,500 downloads.
- *Journal of Accountancy*
 - Completed the first tranche of issues 1905-1940.
 - Now on to 1941.

Update from Dr. Royce Kurtz on eGrove

New Digitization Project:

- *Management of an Accounting Practice (MAP) Handbook*
 - The five-volume set began in 1975 and ended in 2017. It was a very popular publication among practitioners, offering up-to-date advice on issues ranging from buying, selling, or merging an accounting practice to office filing procedures.

[Accounting History Research Database](#)

The Accounting History Research Database (AHRD) identifies published accounting history research in the English language and is a valuable tool for accounting history scholars. The database website notes that AHRD search results will “include papers from the following the Accounting Historians Journal; Accounting History Review (formerly Accounting, Business and Financial History) and Accounting History.”

Virtual museum and archive of the history of financial regulation.

The U.S Securities and Exchange Commission virtual museum opened in 2002. AS the website states, the records provide a vast collection of primary source materials related to the “creation and growth of the regulation of the capital markets from the 20th century to the present”.
